Match Day - before the toss, a minimum of 15 minutes and maximum of 30 minutes before the start time, both captains shall **make available** a completed team sheet to the umpires or, where no non-playing umpire, to the opposing captain. A match cannot start until completed team sheets have been **made available**.

A match cannot start until completed team sheets have been exchanged

The Toss. In Divisions 2b and above it is a requirement that the two umpires are present at the toss. Captains and umpires are requested to ensure that this requirement is met. In Division 3a and below it is recommended that the umpires are present at the toss. This is to ensure that all relevant match rules and regulations are discussed and agreed, including but not limited to the various ECB directives.

After the match: Any substitutes used shall be added to the team sheet. All team sheets must be **retained by the captain of that team for a minimum of 28 days (for the purpose of potential contact tracing)**

This requirement applies to all matches in all divisions. There is no requirement to post team sheets to the League Registrations Officer. The requirement in Divisions 3A and below for the opposition team to retain the team sheet shall not apply (the above requirement takes precedence).

Umpires and opposing captains may make a copy (e.g. by photographing the team sheet or writing out the names of the players) if they wish to do so.

Penalties

Any player who takes part in a league match and is not registered on the League web site by the stated deadlines, or incorrectly registered, shall be deemed ineligible for that match. In the event of an allegation against an ineligible player being proven (subject to appeal) the team fielding the ineligible player will have 10 points deducted (5 points for Division One and below). On each subsequent occasion that team fields an ineligible player, it will incur a 10 points deduction and an additional penalty of 10 points.

Other Match Day Requirements
